**Back By Popular Demand!** The Benjamin Franklin Chapter is thrilled to announce that BOD member Kevin Muller will be our presenter again this month. Our topic is the 2020 NEC changes to Article 230, Services, Part II. Emergency disconnects for one- and two-family dwellings are here! Pennsylvania has amended this requirement. It only applies to detached one- and two-family dwellings. Row homes and townhomes are exempt. **Pennsylvania adopted new codes on January 1, 2026.** This comprehensive training will investigate some of the most significant additional changes to this article. This is your chance to learn how to install and inspect services. It is not to be missed!

With nearly 50 years of experience, Kevin has done it all. He's a former electrical contractor, a seasoned electrical inspector, and a highly respected electrical instructor. Kevin recently retired as the electrical inspector for the Wildwoods in New Jersey. Before that, he was an inspector in Camden, NJ. Coupled with his almost two decades of installation experience, we are lucky to have such an erudite presenter. Our sponsor, Billows, will provide an industry update. All registered attendees will receive a CEU certificate via email.

**ARE YOU AN ELECTRICAL PROFESSIONAL, 30 YEARS OF AGE OR YOUNGER, AND NEED TO BUILD YOUR NETWORK AND KNOWLEDGE? JOIN US AT ANY MEETING AND PAY A DISCOUNTED RATE OF \$30.00 FOR YOUR MEAL AND EDUCATION!**
